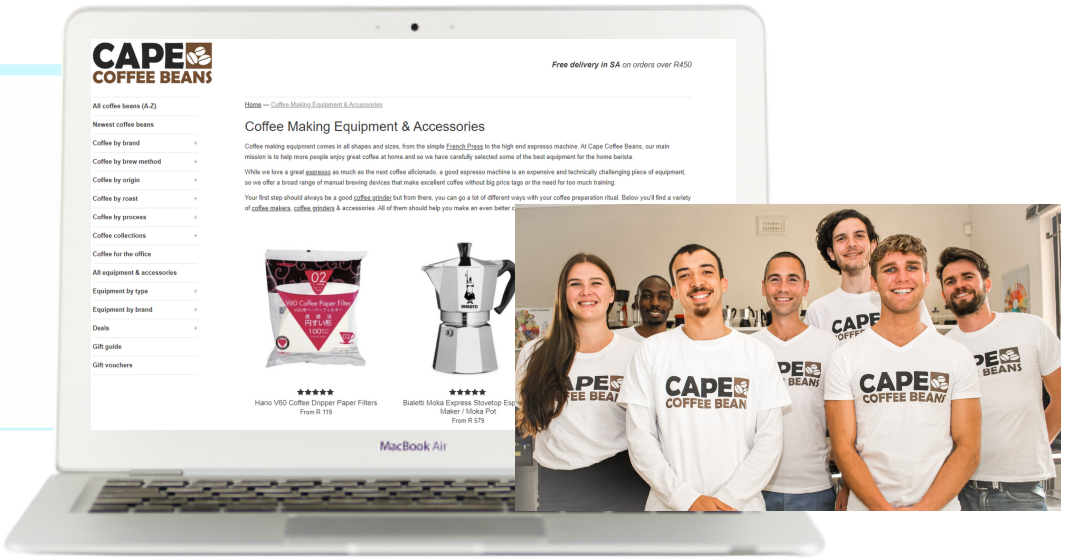
How Cape Coffee Beans streamlined processes and experienced Year-On-Year Growth

Who They Are:

Cape Coffee Beans is a business dedicated to South African specialty coffee lovers. They sell everything from artisan-roasted beans to brewing equipment, espresso machines, home roasters, and everything in between. They serve passionate home consumers, as well as businesses that care about coffee. Their mission is to provide everything you need to make, serve and enjoy a delicious cup.

How We Helped:

- Efficient Cloud Systems
- Tax Planning
- Accounting Compliance
- System Support
- Business Advisory



"I've worked with many outsourced accounting firms over the years, and I can honestly say that CFO360 have been the best by far. It's a strong team, with a strong leader, that cares about service and understands business. I wouldn't hesitate to recommend CFO360 to any business owner."
